Object

The object of the National Plant, Flower and Fruit Guild is to distribute flowers and plants, fresh and preserved fruits and vegetables, among the poor in settlement districts, hospitals and other charitable institutions.

To place window-boxes and establish gardens in poor districts, and to do all that is possible to cultivate a love for nature.

To aid those who live in the country to share their abundance with the dwellers in the city.

Our Needs

Patrons, who pay annually $5.00 or more.
Associates, who pay annually at least $1.00.
Donors, who pay any sum at any time.
Any seedlings or plants you can spare us.

Will you not become a Collector or establish a Country Branch this spring?

When dividing the perennials in your garden, will you not send your surplus to us for our backyard gardens?

Will you not send us the flowers from your greenhouse or the fruit and vegetables from your garden while you are away?

A post-card request sent to this office will bring you free transportation labels for this purpose.

Report of the President

Spring is coming, when we all feel the longing for green fields and woods and streams, and each year we close our city houses earlier and go to the country; but think of all those who cannot get out of the over-crowded parts of the city, with its noise and unrest.

A little blind boy, when taken out into the country, asked if he might just sit on the grass all day. Another child wanted to know if the trees were the flowers.

Some day carry a big bunch of flowers down any street where the children swarm, and see if you are not surrounded by little ones asking for a flower, and before you have walked a block you will have given all away unless you tell them you are taking the flowers to a sick person, and then they will let you pass.

The work of the Guild is to have Country Branches, where on a certain day in the week flowers, vegetables, fruits and plants are sent and packed in baskets, labelled and sent to different institutions and settlements, with a postal enclosed in each, to be forwarded by the receiver to the office, acknowledging the donation. Jellies are also sent in boxes.

The Express Companies give us their help in this splendid work by carrying the baskets free of charge to their destinations, and they deliver so promptly that the contents are received in good condition, and we wish to thank the companies for this generous donation, which we so greatly appreciate. How many there are willing to help us when they know what joy it gives to these unfortunate ones who have so little to brighten their lives!

Our gardener, Miss Haines, started in May in the districts around the Friends' Neighborhood Guild, Front and Fairmount

Avenue, and the Point Breeze Settlement House, to help the women and children prepare the gardens in their yards.

How hard they worked, digging, sowing seeds in boxes and transplanting. One woman and her son went to the country and brought back a basket of sod, as she could not make the grass grow there. Another woman did not want flowers, but after seeing a neighbor's yard, with its young seedlings, bought plants for herself. The love of flowers seems to have made the women keep their houses in better order.

Two prizes, offered for the best care of the yards, were purchased with a donation given for the purpose by the children of the Cynwyd Branch.

We wish to thank all of you who so kindly helped us last year, and trust you will renew your interest by starting new branches or by being collectors and telling others about our work. We will send you free transportation labels if you will drop a line to the office or call any day between ten and twelve o'clock. And will you not think of us when you are planting your seedlings and dividing your perennials and send any left over to us?

Seedmen's catalogues are eagerly asked for by the people, so that they may know what the flowers look like.

The National Office is issuing a Magazine four times a year on the work of the Guild, at twenty-five cents a year.

ELIZABETH SMITH.
